

# Health and Safety (First-Aid) Regulations 1981

*Made - - - 29th June 1981*

Authority: Health and Safety at Work etc Act 1974, ss 15(1), (2), (3)(a), (4)(a), (5)(b), (9) , 49(1), (4) , Sch 3, paras 10, 14

## 1 Citation and commencement

These Regulations may be cited as the Health and Safety (First-Aid) Regulations 1981 and shall come into operation on 1st July 1982.

## 2 Interpretation

(1) In these Regulations, unless the context otherwise requires—

“first-aid” means—

- (a) in cases where a person will need help from a medical practitioner or nurse, treatment for the purpose of preserving life and minimising the consequences of injury and illness until such help is obtained, and
- (b) treatment of minor injuries which would otherwise receive no treatment or which do not need treatment by a medical practitioner or nurse;

“mine” means a mine within the meaning of section 180 of the Mines and Quarries Act 1954.

(2) In these Regulations, unless the context otherwise requires, any reference to—

- (a) a numbered Regulation or Schedule is a reference to the Regulation of, or Schedule to, these Regulations bearing that number;
- (b) a numbered paragraph is a reference to the paragraph bearing that number in the Regulation in which the reference appears.

## 3 Duty of employer to make provision for first-aid

(1) An employer shall provide, or ensure that there are provided, such equipment and facilities as are adequate and appropriate in the circumstances for enabling first-aid to be rendered to his employees if they are injured or become ill at work.

(2) Subject to paragraphs (3) and (4), an employer shall provide, or ensure that there is provided, such number of suitable persons as is adequate and appropriate in the circumstances for rendering first-aid to his employees if they are injured or become ill at work; and for this purpose a person shall not be suitable unless he has undergone—

- (a) such training and has such qualifications as the Health and Safety Executive may approve for the time being in respect of that case or class of case, and
- (b) such additional training, if any, as may be appropriate in the circumstances of that case.

(3) Where a person provided under paragraph (2) is absent in temporary and exceptional circumstances it shall be sufficient compliance with that paragraph if the employer appoints a person, or ensures that a person is appointed, to take charge of—

- (a) the situation relating to an injured or ill employee who will need help from a medical practitioner or nurse, and
- (b) the equipment and facilities provided under paragraph (1)

throughout the period of any such absence.

(4) Where having regard to—

- (a) the nature of the undertaking, and
- (b) the number of employees at work, and
- (c) the location of the establishment,

it would be adequate and appropriate if instead of a person for rendering first-aid there was a person appointed to take charge as in paragraph (3)(a) and (b), then instead of complying with paragraph (2) the employer may appoint such a person, or ensure that such a person is appointed.

[(5) Any first-aid room provided pursuant to this regulation shall be easily accessible to stretchers and to any other equipment needed to convey patients to and from the room and be sign-posted, and such sign to comply with regulation 4 of the Health and Safety (Safety Signs and Signals) Regulations 1996 as if it were provided in accordance with that regulation.]
